

ScopeProtect

Universal endoscope tip guard

Patented device

One device to protect the distal end of most of your endoscopes, from 2.5 to 14 mm in diameter, without compromising their drying.

ScopeProtect

Single-use universal tip cover for endoscopes

The distal end of endoscopes consists of components that can be easily damaged by shocks during transport and storage, resulting in costly repairs. In addition, micro-scratches and scratches can harbour blood, tissue and bacteria, posing a risk of cross-contamination between patients.

ScopeProtect provides a solution to these problems, as it protects the distal end of a wide variety of flexible endoscopes (gastrosopes, colonoscopes, duodenoscopes, echo-endoscopes, bronchoscopes, cystoscopes, ureteroscopes) while allowing the evacuation of residual moisture and thus drying the endoscope.

ScopeProtect protects the endoscope tip when :

- ▶ Its transfer from the AER (Automatic Endoscope Reprocessor) to a drying cabinet or other storage device
- ▶ Its placement and removal from a drying cabinet
- ▶ Its transfer from a drying cabinet or other storage device to the transport system

ScopeProtect - Single-use universal tip cover for endoscopes

NON STERILE

Reference	Description	Length	Width	QTY
ENDO107	Universal tip guard for endoscopes	79 mm	27 mm	50

Characteristics

- ▶ **Universal:** the ScopeProtect device is compatible with all endoscopes with an external diameter of 2.5 to 14 mm (gastrosopes, colonoscopes, duodenoscopes, echo-endoscopes, bronchoscopes, cystoscopes, ureteroscopes).
- ▶ **Single use** for a consistently effective product and a significant reduction in the risk of nosocomial infections.
- ▶ **Traceability:** 3 detachable self-adhesive labels accompany each device.

Description: Endoscope end protection, ScopeProtect. **Indications:** For use to protect the distal end of the endoscope during transport and storage. **Class:** I non-sterile **Notified body:** CE Certificate of Conformity. **Manufacturer:** GA Health Company Limited. **Correct use:** Before use, carefully read the instructions in the package insert or device labelling. **Version:** SP_E_2. Rev.02 Date 16-09-022
